PUSH-AND-GO

GATE OPENER

Let's make it better together

Motorised gate closer for pedestrian swing gates

The Venus is a plug-and-play motorised gate closer for pedestrian swing gates. The compact all-in-one gate operator can easily be installed on any type of post and hinge thanks to 3 different arm types. The innovative motor's performance remains unaffected by manual force. When combined with access control, the Venus also works as a low-energy gate opener.

Venus

Motorised gate closer for pedestrian swing gates

The VENUS motorised gate closer is specifically designed for pedestrian gates up to 1400 mm and 100 kg.

VENUS is a brushless motor specially designed for semi-manual or fully automated outdoor use.

What makes it special?

- Safe, reliable operation thanks to low-energy speed control and integrated obstacle detection
- All-in-one gate operator with integrated power supply and circuit board, input/output connectors and indicator light
- Easy setup with free mobile app
